“Don’t Smoke So Close to Me”

Performed to the tune of “Don’t Stand So Close to Me” by The Police, composed by the Working Partnerships Anti-Tobacco Organizing Committee

The new law, you can't smoke
A cigarette publicly
Young smokers, don't be fooled
By corporate monopoly
They want you, so badly
To buy their cigarettes
So don't buy, their product
It's something you'll regret

Chorus
Don’t smoke, don’t smoke so, don’t smoke so close to me – x4

Secondhand smoke can kill
Like one in your own hand
That is why San Jose
Has enacted a ban
On smoking where folks wait
To dine or see a show
Please don't smoke near others
Show that you're in the know

Chorus
